## **POST-GRADUATE APPOINTMENTS**

- 2007-Present: Associated Professor, Department of Urology, Hospital Universitario Puerta de Hierro –Majadahonda, Madrid.
- 2006-2007: Clinical Research Fellow, Department of Urology, Robotic Prostatectomy Program & Urology Oncology Outcomes, New York Presbyterian Hospital, Weill Medical College at Cornell University. New York, NYC (USA).
- 2001-2006: Internal Resident degree (M.I.R.), Urology Service “Gregorio Marañón” Hospital General Universitario. Madrid

## **EDUCATION**

- June 2016: Master “PADI IESE Health Management Program”  
IESE Business School
- June 2014: Master in Health Service Administration and Management –  
Pompeu & Fabra University, Barcelona
- January 2013: Accreditation for directing "X-Ray facilities for diagnostic purposes"  
Hospital Ramón y Cajal Hospital, Madrid.
- December 2012: Fellow of the Multidisciplinary Committee for Sexual Medicine (FECSM)
- June 2012: Extraordinary Doctorate Award, Academic Course 2010/2011,  
“Survival and Perioperative Predictive Model in Patients with Renal Cell Carcinoma and Venous Extension”, Universidad Autónoma de Madrid.
- June 2012: Fellow of American College of Surgeons (FACS)
- June 2011: Fellow of the European Board of Urology (FEBU) (Written examination Genova and Oral at Brussels)
- June 2011: European PhD-Doctor Europeus “Cum Laude”,  
Universidad Autónoma, Madrid
- June 2000: Medical degree. Faculty of Medicine.  
Universidad Complutense Madrid

- 1997-2000: Medicine second cycle at “Doce de Octubre” University Hospital  
Universidad Complutense de Madrid.
- 1994-1996 Medicine first cycle at Centro de Estudios San Pablo CEU (Madrid),  
Universidad Complutense de Madrid .
- 1979-1993 Primary and Secondary School:  
San Agustín & El Prado Schools, Madrid.

### **ABROAD ROTATIONS**

- September-December 2011, Urology Service, under Prof. F. Montorsi supervision, Hospital San Rafael (Milan - Italia).
- July 2009, National Cancer Institute, NIH. Urology-Oncology Branch (Bethesda, Maryland, USA), under Prof. M. Linehan supervision.
- April 2009, AUA/EUA Academic Fellow Lahey Clinic Foundation (Urology Service, John Liberto. (Burlington, Massachusetts, USA).
- August 2005, Urological Service Jackson Memorial Hospital, Miami (USA), under Dr. Mark Soloway supervision.
- November 2004 (2 weeks), in the Urological Service, Saint.-Augustin Clinique, Bordeaux (France) under Dr. Richard Gaston supervision.
- September-November, 2004, (2,5 months), in the Urological Service, Memorial Sloan-Kettering Cancer Center, New York (USA), in the “Minimally Invasive Urooncological Surgery Program”, under Dr. Bertrand Guillonnet and Dr. Peter Scardino supervision.
- September - October 1999, Intercampus Scholarship nr. 653, Spanish International Cooperation Agency, Ministry of Foreign Affairs, at the Nuevo León, Monterrey (Mexico) University, place entitled “Surgery and Laparoscopy”, under Prof. G. Muñoz Maldonado supervision.
- July 1999 (5weeks) Department of Surgery, Colorectal Unit, Mayo Clinic, Rochester (USA), under Dr. Roger D. Dozois, Surgery Professor, Mayo Clinic School of Medicine, supervision.

- July-August 1998 (5 weeks) in the Thoracic Surgery Service at the Massachusetts General Hospital, Boston (USA), under Dr. Douglas T. Mathisen Chief-General, Associate Professor of Surgery Harvard Medical School, supervision.

## **RESEARCH**

- 2014 Research Grant. The European Society for Sexual Medicine Awards “Antagonism of  $\alpha$ 1A-adrenergic receptors improves erectile and cavernosal responses in rats after cavernous nerve injury and enhances neurogenic responses in human corpus cavernosum after radical prostatectomy”
- Research Grant. The European Society for Sexual Medicine (ESSM) 2010-2011 “Intracavernosal bone marrow-derived mesenchymal stem cell therapy combined with tadalafil administration for the recovery of erectile function after cavernous nerve injury”.
- Research Project titled: “Efficacy of cavernous nerve advancement graft in rat cavernous nerve injury model” (# 0607-507A). Main Investigator: John P. Mulhall. New York Presbyterian Hospital. Weill Medical College at Cornell University.
- Research Project. Prostate Cancer Foundation. 2006 Competitive Awards. Main Investigator: Ashutosh Tewari. “Technical innovations in real time tissue identification during Robotic Radical Prostatectomy to maximize cancer removal and optimize return of sexual function. New York Presbyterian Hospital. Weill Medical College at Cornell University.
- Participation in the Sanitary Investigation Fund (F.I.S.) project, entitled “Consequences of anti TGF Beta 1 in the tracheal cicatrization ”, presented by the Respiratory Pathology Unit of the Pediatric Surgery Service, “Doce de Octubre” University Hospital, Madrid.

## **CLINICAL TRIALS PARTICIPATION**

- Development of a questionnaire for screening patients with lower urinary tract symptoms due to benign growth/prostatic obstruction.  
FDC116700 GLAXOSMITHKLINE, 2014
- “A Phase 3b, multicenter, double-blind trial evaluating the efficacy of orodispersible vardenafil vs placebo in patients with erectile dysfunction plus comorbidity and its impact on quality of partner sexual life”. Co-investigator. Main Investigator: Joaquin Carballido  
ADKNOMA – VADEOPEN, 2011

- “Observational prospective study in men with premature ejaculation who are treated with Priligy or alternative care”. Main Investigator.  
PAUSE, 2010
- “Register of hypogonadism in men”. Main Investigator  
RHYME, 2010
- “A Multicenter, prospective, randomized, double-blind, double-dummy, active-controlled and placebo study to assess the efficacy and safety of the combination BAY60-4552 / Vardenafil compared with vardenafil (20 mg) in the treatment of erectile dysfunction that does not respond adequately to standard therapy with PDE5 inhibitors”. Main Investigator  
BAYER, 2010
- "A randomized, double-blind, placebo-controlled study to evaluate the effect on unassisted erectile function of the early use of tadalafil 5 mg once a day and tadalafil 20 mg on demand treatment for 9 months in subjects undergoing bilateral nerve-sparing radical prostatectomy". Main Investigator  
REACCT H6D-EW-LVIK LILLY, 2009
- “A randomized, double-blind, placebo controlled, parallel study to assess the efficacy and safety of tadalafil (LY450190) once a day in subjects with erectile dysfunction who are naïve to PDE5 inhibitors”. Main Investigator  
H6D-MC-LVHX LILLY, 2008
- “A randomised, parallel-arm, open-label trial comparing degarelix with goserelin plus antiandrogen flare protection (bicalutamide), in terms of reduction in International Prostate Symptom Score (IPSS), in patients with Lower Urinary Tract Symptoms (LUTS) secondary to locally advanced prostate cancer”. Co-investigator  
FE200486-CS28 FERRING PHARMACEUTICALS, 2008
- A Phase 3b, non-randomized, open-label, multi-centre, follow-on safety trial of monthly doses of degarelix in patients with prostate cancer”. Co-investigator  
FE200486-CS34 FERRING PHARMACEUTICALS, 2008
- A Multi-Centre, Randomized, Double-Blind, Placebo Controlled Study to Determine the Effect of Transdermal Testosterone Replacement in Hypogonadal Men with either Metabolic Syndrome or Type 2 Diabetes Mellitus”. Co-investigator. Main Investigator: Ignacio Moncada Iribarren.  
TSX/01/C CHILTERN LABORATORIES
- A Multi-Centre, Double-Blind Randomized, Testogel (testosterone 50-100 mg.) placebo controlled to evaluate its efficacy and safety in elderly men with typical partial androgenic deficit symptoms (PADAM) during a 6 months period, with an open follow up of 12 months”. Co-investigator. Main Investigator: Ignacio Moncada Iribarren  
SCHERING AG

- Multi-centre prospective and of parallel groups with a simple-blind phase and a randomized double-blind phase to evaluate the efficacy and satisfaction of Viagra® (Sildenafil Citrate) to a high dose (100 mg) compared to a 50 mg., dose in men with erectile dysfunction . Co-investigator. Main Investigator: Ignacio Moncada Iribarren.  
A1481237 Fase IV PFIZER 2005
- A phase 2b, multi-center, double-blind, placebo-controlled, parallel group dose response study to assess the efficacy of oral UK-390.957 in men with premature ejaculation. Co-Investigator. Main Investigator: Ignacio Moncada Iribarren.  
A3871027 PFIZER 2005
- A 4 weeks randomized, double-blind, study with double mask and parallel active groups to evaluate the efficacy of 10 mg of vardenafil versus 10 mg of tardenafil with sexual contact is attempted in the next 45 minutes, in males with slight/moderate erectile dysfunction. Co-Investigator. Main Investigator: Ignacio Moncada Iribarren.  
VAR100447 GLAXOSMITHKLINE 2004
- Double-blind study, randomized, parallel groups, controlled by placebo to evaluate the efficacy, safety and confidence of treatment with 10 mg of vardenafil during 12 weeks, compared with placebo, in males con erectile dysfunction and a first successful response to 10 mg. vardenafil treatment. Co-Investigator. Main Investigator: David Subirá Ríos.  
SB782528/022 GLAXOSMITHKLINE 2003
- “Vardenafil and depression”. Co-Investigator. Main Investigator: Ignacio Moncada Iribarren.  
38-9456/10621 BA

## **MEMBERSHIPS**

- Patron of ASES(Aspanish Association of Andrology & Reproductive Medicine) Foundation
- Executive Board Member of ASES (Spanish Association of Andrology & Reproductive Medicine)
- ACS American College of Surgeons
- AEU (Spanish Association of Urology),
- EAU (European Association of Urology)
- AUA (American Urology Association)
- ISSM and ESSM (European and International Society for Sexual Medicine).

- SUM (Madrid Urological Society)

#### **EDITORIAL POSITIONS**

- International Associated Editor. Archivos Españoles de Urología (2008-2014)
- Editor In-Chief. European Society for Sexual Medicine Newsletter (2009-2016)
- Associated Editor. Journal of Sexual Medicine (2013-2016)
- Editor-In-Chief. Revista Internacional de Andrología (2015-now)

#### **JOURNAL'S REVIEWER**

- European Urology
- Journal of Urology
- Urology
- British Journal of Urology
- Journal of Endourology
- Urologia Internationalis
- Journal of Sexual Medicine

#### **CLINICAL EXPERTISE**

Full in General Urology (Clinic, Complementary Tests and Surgery) and special dedication to Open/Laparoscopic/Robotic Surgical Uro-Oncology and Andrological Reconstructive Surgery including advanced microsurgery (11 years)
